NATIONAL COMMISSION ON INDIGENOUS PEOPLES

CITIZEN'S CHARTER

2024 (1st EDITION)

I. MANDATE

The National Commission on Indigenous Peoples (NCIP) shall protect and promote the interest and well-being of the Indigenous Cultural Communities/Indigenous Peoples with due regard to their beliefs, customs, traditions, and institutions.

II. VISION

An esteemed Commission committed to the delivery of quality services to ICCs/IPs with their rights fully respected, recognized, promoted, and protected.

III. MISSION

An enabling partner and lead advocate that formulates and implements policies, plans, and programs for the well-being of IPs with due regard to their ancestral domains and lands, self-governance and empowerment, social justice and human rights, and cultural integrity.

IV. NCIP EMPLOYEE PLEDGE

I am an NCIP employee,
I advocate:
The promotion of tribal institutions,
(they are the jewels in the shifting sands of the mainstream)
Recognition of ancestral domains,
(they are the connecting link between the ancestors and the present)
Prevention and settlement of disputes,
(the tales about mother nature and the IP is always a story of peace)
Promotion of Indigenous knowledge systems and practices;
(what is hidden from the mainstream is revealed to the IP)
The assurance of free and prior informed consent of IP communities; and,
(the way to an IP's heart is through full transparency)
Promotion of the empowerment and overall development of the IP.
(the community is a person, it develops as a whole, not in parts)
I shall serve with all my heart, mind, body, and soul.
This I swear by my Maker,
by my ancestors,
and before all men.
